Seating

HAWORTH collection

Tate Color Designed by Jasper Morrison

Agile and fun, Tate Color offers chromatic variety and an extremely functional design. Tate Color chairs and stools complement each other in cafés, kitchenettes, tech bars, and informal meeting spaces.

Features

- Chairs are stackable up to 8 high
- Stools in two heights are available with a low or high back
- Beech wood seat is finished with water-based aniline dye in a range of expressive colors
- 4-leg base may be painted a wide variety of colors to match or contrast with the seat color or finished in satin finished stainless steel
- Laminate seat in black or white with a black or white base also available for a limited time

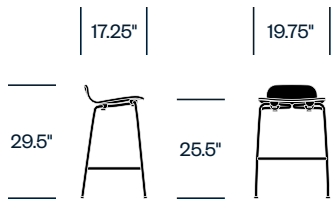

Certifications

- GREENGUARD® Certified
