Task Seating

When you spend 90 percent of your time at work indoors, health and well-being are a top priority—and an important recruiting strategy. People accomplish a variety of tasks throughout the day. Comfortable, ergonomic seating enables people to feel well and perform their best.

Very® seating features chairs and stools for private offices, conferencing, cafeterias, medical centers, classrooms—and all points in between. It's a multi-dimensional family with a broad application range, fresh colors, essential ergonomics, and comfort—proving you value for your people and how they feel at work.

### Foundational Research

Haworth collaborates with ergonomic research and development partners to understand the physical relationship between a person and their seating options. With Very seating, we applied this knowledge to solve a problem that organizations deal with every day: how to best support people while seated at work.

### Universal Appeal

Born out of global, science-driven design, Very seating offers personalized comfort for a variety of seated activities while supporting an organization's sustainability strategies. Users will appreciate versatility in function; designers will welcome refined aesthetics and visual consistency throughout the building.

## A Chair for Every Purpose

There's a Very chair for everyone. The task chair features patented asymmetrical lumbar support, and supportive mesh to enhance comfort. Easy-to-use adjustments let each person precisely tune Very to their preferences. Seminar and conference seating provide intuitive recline and side-to-side torsional flex for mobility and comfort.

### Design Choices

The comprehensive Very family includes task and conference seating, wire stackers and stools, and side and seminar chairs to outfit your entire space. Very task chair suits any style with a range of boldly colored mesh, rich digital knits, and a wide variety of upholstery options—including bleach cleanable fabrics, leathers, and faux leathers. Choose an upholstered back jacket for a greater ease in cleaning. Side and conference chairs complement your decor with design flexibility to meet your specific needs.

Statement of line may vary by global region.

## **Aligning People and Space for Optimal Performance**

Your people, organization, and facilities are at the center of everything we do. We help create spaces that solve for your business needs—resulting in effective people and efficient use of real estate.
