

HAWORTH

Cultivate

Table

Workplace effectiveness is a strong factor in attraction and retention of talented people. The environment you create plays a key role. People desire comfortable, familial workplaces that encourage communication and creativity. They seek balance between functional and sensory spaces that feed inspiration and support social connections.

Cultivate™ is a shared table that creates a sense of community, encouraging interaction and collaboration with an inviting balance of practicality and visual appeal. With simple, flexible design options, Cultivate brings warmth and variety, enhancing creativity in social spaces and community environments.

Customize Your Design

Cultivate brings aesthetic scalability for an expressive or restrained design. With its simple statement of line, you can create the look you want—from warm and urban, to sleek and modern. Bases and tops are specified separately, letting you customize for a unique flair.

Spur Creative Thinking

Standing meeting spaces can indirectly enhance group performance during the creative process, as well as encourage physical movement. Cultivate tables fit in a variety of applications and allow people to move from their desks to informal standing-height postures for brief interactions.

Design Choices

Minimalistic, yet warm in appearance, Cultivate supports Haworth's Integrated Palette™ and is available in our full standard offering of paint colors, high-pressure laminates, and premium veneers. Tops come in two thicknesses, and custom tops may be added.

Create a Collaborative Hub

Cultivate offers a communal table that invites people to gather. Frames come in seated or standing height, with two depths and four widths. Add power, a bag hook, and other accessories for effortless power integration and organization. Storage overhang tops support select X Series® storage components on either end.

Aligning People and Space for Optimal Performance

Your people, organization, and facilities are at the center of everything we do. We help create spaces that solve for your business needs—resulting in effective people and efficient use of real estate.
