Benching

Many organizations are faced with the task of optimizing the workplace footprint without overcrowding. At the same time, there is a drive to embed collaboration and creativity throughout, while still offering space for individual work.

Intuity® benching makes it easy to design an engaging, collaborative environment that supports a variety of workstyles. The simple kit-of-parts design and add-ons make changes quick and simple, while providing opportunities to maximize space—now and in the future.

Environments for Creativity and Innovation

Intuity is a simple solution to the complex challenge of maintaining a balance between collaboration and individual work. It provides options to meet the unique needs of each person and team. With Intuity, it's easy to design dynamic environments that encourage performance.

Space-Saving Efficiency

Easy to specify and install, Intuity is a modular kit of parts designed to support the diverse ways people work, especially in smaller footprints. Durable, multi-use, agile pieces adapt to change while improving efficiency. Add-on kits allow a variety of workspace options and enable expansion for future growth.

Design Choices

For design freedom, Intuity offers a rich array of surface materials, colors, and finishes to reflect an organization's culture, brand, and personality. As part of the Haworth Integrated Palette™, Intuity works aesthetically and physically with a comprehensive range of Haworth solutions for a complete, coordinated package of features and function.
