

HAWORTH collection

Mex-Hi Cassina

Tables

The Mex-Hi collection offers flexibility in both design and function. Natural elements create a collection of occasional tables and ottomans that beautifully complement Mex-Hi lounge seating or other furnishings. The marble top brings a simple elegance and refinement to your space with a variety of shapes and sizes. Combine them with a wood tray to add warmth, depth, and functionality, while the complementary ottoman integrates either a marble or wood tray top.
