

HAWORTH

# Compose Echo

Screens

Compose® Echo workspaces redefine flexibility with a menu of components for an unmatched user experience, supporting fluid shifts between collaborative and focus work. Compose Echo corner, wrap, and back screens move with worksurfaces to provide a level of privacy and separation in any position or orientation.

#### Certifications & Accolades

- BIFMA LEVEL® 3 Certified
- Fast Company's Innovation by Design Award Honoree
- International Design Excellence Awards – Silver
- MetropolisLikes NeoCon Award

#### Features

- Provide visual privacy and workspace separation
- Tackable to allow the externalization of ideas and keep references handy
- Corner screen wraps from one side of the worksurface, around to the back, stopping approximately 15" (381 mm) from the opposite back corner
- Full-wrap screen wraps around the back corners of the worksurface, with each side stopping approximately 7" (177.8 mm) from the front corner
- Back screen runs along the back side of the worksurface and stops 6" (152.4 mm) from each corner
- Attach to the underside of the worksurface to move with your desk
- Can be mounted to any fixed or height-adjustable table, with options for rectangular or radius corners
- Side edges will be flush with the worksurface, and the back features a .5" (12.7 mm) cord drop gap
- Optional 13" (332.2 mm) modesty panel
- Available in two heights to align with the Haworth Integrated Palette™: 12" (304.8 mm) and 20" (508 mm)
- Fabric covered, with a range of available color options
